Gaffel Kölsch

(Cologne, Germany)

The laws protecting the brewing of Kölsch are as strict as Germany's Purity Law of 1516. Kölsch Beer can only be brewed within the city of Cologne. As the best-known Kölsch Brewery, Gaffel's flavor is derived from an ale yeast that is "lagered" or aged in cold cellars. Gaffel is pale and faintly fruity with a crisp hop finish.

The city of Cologne or Köln is located on the Rhine River and north of Munich. In Köln, Germany's third largest city, Kölsch beer is nearly the only beer people drink. Gaffel Kölsch is the favorite of Köln.

5.0 % ABV
25 IBU

What makes Gaffel Kölsch so special?

Like Champagne is to France, authentic Kölsch beer can only come from Köln. No other beer in the world has the taste of an ale and a lager. Gaffel Kölsch is light and refreshing but not with an intense hop finish Gaffel is distinctive and elegant; served in the traditional Kölsch glass.

Gaffel's light and refreshing taste compliments almost all foods. Gaffel Kölsch is perfect for special gatherings. It is superbly drinkable and subtle without being too filling.
